restarted again. stop eating the storage aaaaa.

lmk if it dies

do you have "unfiltered" azure?

yes, you can contact me if you want a certain prompt. no, i am not using them in a proxy as they have a very low rpm and are quite rare.

How to use: <https://github.com/notfiz/de3u>

GitHub repo/toolset

If you want anything added to de3u(the frontend) Just email me or create an issue in gh

Prs are appreciated

Actor email address using the "fiz"

issues/suggestions/gens: totallynotfiz@tutanota.com (yes i will actually check it)

Prompt Logging Enabled

This proxy keeps full logs of all prompts and AI responses. Prompt logs are anonymous and do not contain IP addresses or timestamps.

You can see the type of data logged here, along with the rest of the code..

If you are uncomfortable with this, don't send prompts to this proxy!
